# Get access to a national network and a Health Savings Account.

A network is a group of health care providers and facilities that have a contract with UnitedHealthcare. You can receive care and services from anyone in or out of our network. You can save money when you use a health savings account (HSA) and the network. The Choice Plus network includes:

**978,000+ doctors and health care professionals\***  
(clinics, labs, care centers, etc.)

**6,150+ hospitals\***

**30,000+ pharmacies\***

\* As of 6/6/19.

## There's coverage if you need to go out-of-network.

Out-of-network means that a provider does not have a contract with us. Choose what's best for you. Just remember, out-of-network providers will likely charge you more and can even bill you for amounts higher than what your plan will cover.

## There's no need to choose a primary care physician (PCP) or get referrals to see a specialist.

Consider a PCP; they can be helpful in managing your care.

## You can open an HSA.

An HSA is a personal account to help you save and pay or be reimbursed for qualified medical expenses. There's no "use it or lose it" rule and you get to keep it even if you change plans, change employers or retire.

### Qualified HSA expenses.

You can use an HSA for many expenses, including:

- Doctor office visits.
- Prescriptions.
- Eyeglasses and contacts.
- Dental care and braces.
- Chiropractic services and more.

For all other coverage details, see your official health plan documents. For a listing of qualified medical expenses you may reference IRS publication 969 at IRS.gov.

# Understanding your costs when getting care.

## How paying for network care works with an HSA.

**Preventive care is covered 100% when you use a network doctor.**

### 1 Your deductible.

You pay for all services, including prescriptions, until you meet your deductible. You can use the funds in an HSA to help pay it. **Pay with your HSA or pay another way.**

### 2 Your coinsurance.\*

After you reach the deductible, you share the costs with the plan. You can use HSA funds to help pay your share. **Your plan pays a percent and you pay a percent.**

### 3 Your out-of-pocket limit.

When you reach the limit, you are done paying. The plan pays 100% of covered services for the rest of the coverage year. **You are done paying.**

## Estimate health care costs.

You have easy-to-use tools on [myuhc.com](https://myuhc.com)<sup>®</sup> so you can see what a treatment or procedure typically costs. You can also estimate costs of prescriptions and see what your share of expenses may be.

### Open your HSA.

Open an account with the preferred HSA bank of more than a million people.

Visit [optumbank.com](https://optumbank.com).

### Save on taxes.\*\*

You don't have to pay federal income taxes or, in most cases, state income taxes when you deposit money into your HSA, let it collect interest or use it for qualified medical expenses. The 2020 IRS HSA deposit limits are:

Individual coverage	\$3,550
Family coverage	\$7,100

For all of the COVERAGE DETAILS, see your official health plan documents.

\*These costs don't apply for preventive care services that are received in the network. You may be required to receive approval for some services before they can be covered.

\*\*Consult with a tax professional for specific tax advice.

# Understanding your pharmacy benefit.

## Your covered medications.

OptumRx® is your UnitedHealthcare plan's pharmacy care services manager. OptumRx is committed to providing you with safe, easy and cost-effective ways to get the medication you need. The UnitedHealthcare Prescription Drug List (PDL) is the list of medications that are covered by the plan. The PDL is organized by cost levels, known as tiers. Choosing medications in the lower tiers may save you money.

**Tier 1**  
Lower cost

**Tier 2**  
Midrange cost

**Tier 3**  
Higher cost

### Paying for prescriptions.

You will have to pay the full cost of your covered prescriptions until you've paid your deductible. You can use your HSA to help pay.

Find out if your medication is covered by visiting [welcometouhc.com/choiceplushsa](https://www.welcometouhc.com/choiceplushsa).

## Save on your medication.

### Use home delivery.

Up to a 3-month supply of your medications will ship free to your home, often at a lower cost than retail. You also get 24/7 phone support, medication refill reminders and more. And it saves you trips to the pharmacy.

### Use network pharmacies.

Pharmacies in our network often charge less than non-network pharmacies. Our network includes thousands of pharmacies across the country.

### Use lower tier medications, such as generics.

Use the PDL to help you or ask your doctor. If you have a medication that is placed in a higher tier (Tier 3, for example), check to see if a Tier 1 option is available. Higher cost brand medications are usually placed in higher tiers.

## Manage your pharmacy benefits on the go.

With [myuhc.com](https://myuhc.com) you can:

- Enroll in home delivery.
- Find network pharmacies.
- Refill prescriptions and set up refill reminders.
- Estimate and compare medication costs.
- Search your plan's PDL.

Insurance coverage provided by or through UnitedHealthcare Insurance Company or its affiliates. Administrative services provided by United HealthCare Services, Inc. or their affiliates.

The UnitedHealthcare plan with Health Savings Account (HSA) is an IRS qualifying high deductible health plan (HDHP) that is designed to comply with IRS requirements so eligible enrollees may open a Health Savings Account (HSA) with a bank of their choice or through Optum Bank, Member of FDIC. The HSA refers only and specifically to the Health Savings Account that is provided in conjunction with a particular bank, such as Optum Bank, and not to the associated HDHP.

All UnitedHealthcare members can access a cost estimator online tool at [myuhc.com](http://myuhc.com). Depending on your specific benefit plan and the ZIP code that is entered, either the myHealthcare Cost Estimator or the Treatment Cost Estimator will be available. A mobile version of myHealthcare Cost Estimator is available, and additional ZIP codes and procedures will be added soon. This tool is not intended to be a guarantee of your costs or benefits. Your actual costs and/or benefits may vary. When accessing the tool, please refer to the Terms and Conditions of Use and Why Your Costs May Vary sections for further information regarding cost estimates. Refer to your health plan coverage document for information regarding your specific benefits.
